

OUR COLLECTIONS

Each and every GIC villa offers something unique that makes it that extra bit special – whether it be a cottage close to the sea with a boat mooring, a family friendly villa with pool or a village home where you can truly immerse yourself in the local community. All properties featured in our collection and have been handpicked by our overseas team and destination specialists.

We understand that so much choice can be somewhat overwhelming which is why, in 2019, we have introduced nine holiday collections. Choose your dream holiday from our Premier, Family, Beach, Couples, Rural, Local and Groups collections, plus our luxury yachting options and hotel villas.

Over the following pages each collection will be introduced alongside a two villa sample that we feel illustrates the concept. Throughout the brochure the coloured label will identify further villas within each collection and our website contains the full listing.

As always our knowledgeable reservations team are on hand to help and advise.
